Kids' Allied Health and Wellness Centre

## Payment Options and Information

All individual therapy sessions are to be paid for at their completion.  
All group classes and workshops must be paid for prior to them commencing.

Option	Information
<b>Private Health Insurance (Extras)</b>	Our therapists are registered with either their professional association or registration board, and have Medicare provider numbers. This means for eligible services, you can make a claim from your private health insurers, depending on your level of extras cover.
<b>Medicare Chronic Disease Management Plan (EPC/CMDP/MHCP)</b>	Eligibility for these plans is determined by GPs, based on your child's level of need. The plans allow a rebate (\$55.10) for up to five services per year for SLP and OT appointments. And a rebate (\$88.25) for up to twenty services per year for Psychology appointments. The rebate does not cover the full cost of sessions, and sessions must be paid in full prior to receiving the rebate. We do <u>not</u> bulk bill. Please contact your GP for more information.
<b>National Disability Insurance Scheme (NDIS)</b>	Our Speech and Occupational Therapists, and Psychologist are not currently registered with NDIS as providers, however, can provide services to self managed and plan managed clients. <i>Please note: we are working as hard and as fast as we can, to have all of our therapy services registered with NDIS. Let us be patient with each other as we navigate this new scheme.</i>
<b>Cash / EFTPOS</b>	Available for all services – to make full or gap payments.

<sup>^</sup>Letters & Reports are subject to GST, this is in addition to the fee stated above.

<sup>\*</sup>Please note: Price and duration of session and report are as per NDIA recommendations. This allows for time spent on compulsory NDIA paperwork and liaison requirements. Thank you.
